Please feel free to call me if you have any questions regarding this filing.

Sincerely,

Leon Nowalsky

LLN/cdp

Attachment

**STATEMENT OF POLICY IN TREATMENT OF  
CUSTOMER PROPRIETARY NETWORK INFORMATION**

1. It is Hunt Telecommunications, LLC d/b/a Hunt Telecom ("Hunt Telecom") policy not to use CPNI for any activity other than permitted by law. Any disclosure of CPNI to other parties (such as affiliates, vendors, and agents) occurs only if it is necessary to conduct a legitimate business activity related to the services already provided by the company to the customer. If the Company is not required by law to disclose the CPNI or if the intended use does not fall within one of the carve outs, the Company will first obtain the customer's consent prior to using CPNI.
2. Hunt Telecom follows industry-standard practices to prevent unauthorized access to CPNI by a person other than the subscriber or Hunt Telecom. However, Hunt Telecom cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information. Therefore:
  - A. If an unauthorized disclosure were to occur, Hunt Telecom shall provide notification of the breach within seven (7) days to the United States Secret Service ("USSS") and the Federal Bureau of Investigation ("FBI").
  - B. Hunt Telecom shall wait an additional seven (7) days from its government notice prior to notifying the affected customers of the breach.
  - C. Notwithstanding the provisions in subparagraph B above, Hunt Telecom shall not wait the additional seven (7) days to notify its customers if Hunt Telecom determines there is an immediate risk of irreparable harm to the customers.
  - D. Hunt Telecom shall maintain records of discovered breaches for a period of at least two (2) years.
3. All employees will be trained as to when they are, and are not, authorized to use CPNI upon employment with the Company and annually thereafter.
  - A. Specifically, Hunt Telecom shall prohibit its personnel from releasing CPNI based upon a customer-initiated telephone call except under the following three (3) circumstances:
    1. When the customer has pre-established a password.
    2. When the information requested by the customer is to be sent to the customer's address of record, or
    3. When Hunt Telecom calls the customer's telephone number of record and discusses the information with the party initially identified by customer when service was initiated.

B. Hunt Telecom may use CPNI for the following purposes:

- To initiate, render, maintain, repair, bill and collect for services;
  - To protect its property rights; or to protect its subscribers or other carriers from fraudulent, abusive, or the unlawful use of, or subscription to, such services;
  - To provide inbound telemarketing, referral or administrative services to the customer during a customer initiated call and with the customer's informed consent.
  - To market additional services to customers that are within the same categories of service to which the customer already subscribes;
  - To market services formerly known as adjunct-to-basic services; and
  - To market additional services to customers with the receipt of informed consent via the use of opt-in or opt-out, as applicable.
4. Prior to allowing access to Customers' individually identifiable CPNI to Hunt Telecom's joint venturers or independent contractors, Hunt Telecom will require, in order to safeguard that information, their entry into both confidentiality agreements that ensure compliance with this Statement and shall obtain opt-in consent from a customer prior to disclosing the information. In addition, Hunt Telecom requires all outside Dealers and Agents to acknowledge and certify that they may only use CPNI for the purpose for which that information has been provided.
5. Hunt Telecom requires express written authorization from the customer prior to dispensing CPNI to new carriers, except as otherwise required by law.
6. Hunt Telecom does not market, share or otherwise sell CPNI information to any third party.
7. Hunt Telecom maintains a record of its own and its affiliates' sales and marketing campaigns that use Hunt Telecom's customers' CPNI. The record will include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign.

A. Prior commencement of a sales or marketing campaign that utilizes CPNI, Hunt Telecom establishes the status of a customer's CPNI approval. The following sets forth the procedure followed by Hunt Telecom.

- Prior to any solicitation for customer approval, Hunt Telecom will notify customers of their right to restrict the use of, disclosure of, and access to their CPNI.
- Hunt Telecom will use opt-in approval for any instance in which Hunt Telecom must obtain customer approval prior to using, disclosing, or permitting access to CPNI.

- A customer's approval or disapproval remains in effect until the customer revokes or limits such approval or disapproval.
  - Records of approvals are maintained for at least one year.
  - Hunt Telecom provides individual notice to customers when soliciting approval to use, disclose, or permit access to CPNI.
  - The content of Hunt Telecom's CPNI notices comply with FCC rule 64.2008 (c).
8.     Hunt Telecom has implemented a system to obtain approval and informed consent from its customers prior to the use of CPNI for marketing purposes. This system allows for the status of a customer's CPNI approval to be clearly established prior to the use of CPNI.
9.     Hunt Telecom has a supervisory review process regarding compliance with the CPNI rules for outbound marketing situations and will maintain compliance records for at least one year. Specifically, Hunt Telecom's sales personnel will obtain express approval of any proposed outbound marketing request for customer approval of the use of CPNI by The General Counsel of Hunt Telecom.
10.    Hunt Telecom notifies customers immediately of any account changes, including address of record, authentication, online account and password related changes.
11.    Hunt Telecom may negotiate alternative authentication procedures for services that Hunt Telecom provides to business customers that have a dedicated account representative and a contract that specifically addresses Hunt Telecom's protection of CPNI.
12.    Hunt Telecom is prepared to provide written notice within five business days to the FCC of any instance where the opt-in mechanisms do not work properly to such a degree that consumer's inability to opt-in is more than an anomaly.

**Annual 47 C.F.R. § 64.2009(e) CPNI Certification**  
**E B Docket 06-36**

Annual 64.2009(e) CPNI Certificate for 2014

Date Filed: 2/7/14

Name of company(s) covered by this certification: Hunt Telecommunications, LLC d/b/a Hunt Telecom

Form 499 Filer ID: 824600

Name of signatory: Robert Leithman

Title of signatory: Manager

I, Robert Leithman, certify that I am an officer of the company named above, and acting as agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. *See 47 C.F.R. § 64.2001 et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules .

The company has not taken any actions (proceedings instituted or petitions filed by any company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year. The steps the Company has taken to protect CPNI include updating its CPNI practices and procedures and conducting new training designated to ensure compliance with the FCC's modified CPNI rules.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

Signed

  
Robert Leithman
